Work Experience

Product Designer - Microtec (HRM Project-Based) ***Sep 2025 – Present***

- Led end-to-end HRM design for web and mobile by mapping personnel affairs, automated leave requests, employee contracts, and role-based permissions into intuitive dashboards with complete Arabic/RTL alignment.
- Accelerated development speed and ensured accurate design-to-code handoff by building AI-assisted Figma prototypes and design tokens while conducting direct Design QA on production builds.
- Used the Figma MCP to connect design screens directly to the development team, who built the pages with AI in Cursor and then refined and fine-tuned the output on top of the MCP and AI workflow.

Product Designer (Freelance) - Mustaqbalhum App Redesign ***Sep 2025***

- Shipped a mobile app redesign in **5** days, delivering accessible Arabic/RTL interfaces aligned with Saudi SDS standards.

Product Designer Team Leader - Swisstech ***Feb 2025 – Sep 2025***

- Owned end-to-end design for complex BaaS financial flows and wallet dashboards, using data-driven insights to increase platform usability and adoption.
- Architected scalable design systems from scratch and real-time wallet analytics while mapping multi-tier permission matrices and user role flows to simplify repayment tracking for web and mobile FinTech applications.

Product Designer - Culinary Chip ***Dec 2023 – Feb 2025***

- **Miami Center Website Redesign**: Increased user engagement and checkout completion rates by **40%** by optimizing navigation and user flows.
- **Meal Preparation System:** Built and maintained design systems and component libraries for a meal-planning SaaS product.

Product Designer (Internship) - MYM ***Sep 2023 – Oct 2023***

- Designed dashboards and mobile apps for educational systems, streamlining processes and enhancing user experiences for **Student management System** & **Teaching Center System**.
